THE DRY GOODS TRADE .- The wholesale establishments of this city are now getting on the principal portion of their immense stocks and the goods are being placed in position as fast as they arrive, Most if not quite all of the large houses are filling orders and the Spring trade may be said to have FOR SALE BY THE UNDERSIGNED AT fairly commenced. We have often spoken of the advantages and inducements which our own merchants offer to those of the interior, and we would again call their attention to the subject before they conclude to visit any other market. We have long been satisfied that Nashville wholesale dealers can supply the country trade with advantage to both parties. Our merchants stand ready to duplicate the orders of country merchants who are in the habit of buying in eastern markets, and make a fair profit at the same time. This is not strange when the immensity of the stocks which our wholesale merchants buy is taken into the account, for their large orders give them advantages that the small dealer does not possess. We have no doubt that the difference of discrimination in favor of the large buyer in eastern markets amounts to no inconsiderable sum in the purchase of a stock of goods .-But there are other inducements for our country friends to purchase in this market, which should not be overlooked. The time and money saved, which an expensive eastern trip necessarily incurs -the necessity of insurance sometimes at heavy rates-the vexations, delays in transportation, and other inconveniences are all obviated and dispensed with. The goods purchased here require but little transportation, and in a very short time they can be placed upon the shelves and ready for the inspection of customers. Besides these advantages, stocks can be kept up all the time and a full assortment of all articles ordered and received from this point, at a few days' notice. We hardly need remark that the marts of the sea-board offer no such inducements as these, and it seems to us that our country friends cannot fail to see the force of them. Our merchants ask nothing on the score of State pride, nor do they claim a preference over others because they happen to be in the metropolis of the State; they place their goods upon the market and at such prices as to compete successfully with that of any other city, feeling confident that they can offer as good and better bargains to purchasers naturally tributery to this market than can be found elsewhere. The mercantile and business firms of this city are

composed of men of experience, judgment, sagnelty, and probity. Most of them are of long standing or are composed of gentlemen long known to be connected with the trade. As a class they will be found, in the requisites of successful business, habits and shrewdness, not inferior to those of any other city. We respectfully submit to those of our country merchants who have not heretofore tried this market to give it a visit and examine goods and prices for themselves. We are are quite sure they will find it to their advantage to do so.

MEDICAL CARD. DR. SUTHERLANDS. MAYFIELD (Formerly of Franklin,) Office, 27, Cherry Street.

SPECIAL NOTICES.

Great Cure of Rheumatism in Cincinnati, Ohio -Convincing Evidence.-For more than three years I have been suffering with rheumatism, and enlargement and pain of the bones and joints. I have strictly followed the sovice of physicians, and at other times used such family medicines as had been recommended for the cure of rheumatism; still I did not improve in the least, and was requently compelled to keep my bed, and thereby was prevented from attending to my business. Some weeks ago was induced by a friend to try Carter's Spanish Mixture. The effect was miraculous. I felt considerably improved after I had taken the fourth dose; I have only used one single bottle, and am entirely free from all pain. I feel better than I have folt for years, and I attribute my completoly restored health solely, to the use of Carter's Spanish Mixture. I consider it a most excellent medicine for rheumatism and all diseases of the blood, and cheerfully D. BURRITT. recommend it to the afflicted. South-east corner Fourth and Wainut streets.

Cincinnati, March, 17, 1857. Important to Consumptives -Many valuable liver have been saved by Hugsman, Clark & Co.'s GENUINE Cop Liver Oil, which, in all human probability, would have been lost but for its timely use. It is no quack medicine, but the pure Oil, made with the

utmost care from the Fresh Cod Fish Livers, and is recommended by the most eminent physicians in Europe and America, and has proved by ten years' experience the most valuable remedy for Consumption and Scrofula ever discovered, for, while it cures the disease, it increases the health and strength of the patient. Caution. There is a great deal of spurious oil, adulterated with Seal Oil, Whale Otl, &c., which, instead of benefit-

ting, injures the patient, by deranging the digestive or

gans, but being cheaper, is by unprincipled persons palmed off for genuine. Notice, that HEGGERAW, CLARK & Co.'s signature is over the cork, and the Eagle and Mortar on the label; for, since the debth of W. L. Rushton, our late partner, there has been an article called Rushton's put in the market, which is in no way connected with with R. C. & Co., or H. C. & Co.; and thousands who had used other Oil without success, have been restored to health by the Genuine Oil of

our manufature. Fold by EWIN BRO.'S, J. G. BROWN, and by all respectable Druggists.

White Teeth, Perfumed Breath, and Beautiful Complexion-can be acquired by using the "Balm of a Thousand Flowers." What Indy or gentleman would remain under the curses of a disagreeable breath, when, by using the "Balm of a Terusand Flowers," as a dendfrice, would not only render it sweet, but leave the teeth white as alabaster? Many persons do not know their breath is bad, and the subject is so delicate their friends will never mention it, Beware of counterfeit. Be sure each bottle is FETRIDGE & CO., N. Y. For sale by all Druggists.

Inflammation of the Lungs, until the discovery of Carter's Spanish Mixture, was regarded by physicians as post hazardous to health; but since then, those who have ried it as a remedy, speak of it as a never-failing panacea. Its healing and soothing effects upon the affected parts, as well as its powerful agency in purifying the blood, make it an invaluable agent in the cure of such diseases. feb18-2w

BEST HAIR DYE IN THE WORLD. This is strong language, yet Boque's Electric HAIR Dys recently improved) was proved to be so, by the judges at he late Mechanic's Fair, held in Boston, (among whom was Dr. Hays, the eminent chemist and State assayer) who awarded it the PRIZE MEDAL AND DIPLOMA, over the choicest Hair Dyes on exhibition from all parts of the Union. Its unparalleled superiority consists in, 1st. The ingredients are nourishing to the hair, not destructive, as others. 2d. Does not stain nor hurt the skin. 3d.
